

# ELLEN'S LAW

(in memory of Ellen Watters 1988-2016)

As New Brunswick citizens, we are calling upon our provincial Government to enact laws for the safety of motorists and cyclists; including but not limited to:

- 1) 1 meter of space for cars passing cyclists under 50 km/hr
- 2) 1.5 meters of space for cars passing cyclists over 50 km/hr
- 3) Night time requirements for bicycle lights/reflectors
- 4) Fines and demerit points for 'dooring' a cyclist
- 5) Regulations for bicycles on sidewalks

New Brunswickers want to be active and healthy. Cycling is part of active living and we want to encourage everyone to cycle more and to be safe while doing so.
